

Cooperation Agreement

Parties

.....
Hereinafter referred to as the **Supplier**,

and

BASTAonline AB

Box 210 60

SE_100 31 Stockholm

Sweden

Background

BASTA is a system for phasing out the use of particularly hazardous chemical substances from chemical products and construction products. The system is based on the environmental and health properties of the substances included in those products. **BASTAonline AB** is responsible for the operation of this system. The **Supplier** participates in this work through this cooperation agreement.

The agreement is intended to regulate the cooperation between **BASTAonline AB** and the **Supplier**. By signing this agreement, the parties undertake to work together to ensure that the objective of the system is achieved.

Terms and conditions of the agreement

The Terms of agreement –including the appendixes thereto, apply to the parties' mutual undertakings.

Period of validity

The agreement runs from the moment when it is signed to 31 December 2010, being extended thereafter by successive periods of 12 months unless either party has previously given notice of cancellation of the agreement at least three months prior to the end of its term.

Fees

The **Supplier** pays an annual fee of SEK 12.000 for the participation under this agreement.

As soon as the **Supplier** has registered its basic company particulars at www.bastaonline.se, signed this agreement, sent it, along with an official verification certifying the authority of the signatory, and paid the fee as stated above, **BASTAonline AB** will, within two weeks, send the **Supplier** a password authorising it to register construction products that fulfil the terms of qualification contained in the agreement on www.bastaonline.se.

.....
This agreement was drawn up in two identical counterparts, with the parties each receiving one.
